2	Andre Brunier	Group A	CEE	Anticancer Drugs In Groundwater: Is There Any Risk To Humans?
3	Marco Vinicio Chavez Baez	Group A	EEE	Harmonics Propagation Reduction In Large Multi-Technology Offshore Wind Power Clusters Using A Multi-Objective Evolutionary Algorithm
4	Kevin Connolly	Group A	EEE	Examining The Potential Economic Impact Of Scottish Offshore Wind Development
5	Byongug Jeong	Group A	NAOME	Quantitative Risk Assessment For Lng Fuelled Ships
6	Marianna Kinali	Group A	CEE	Investigating The Dynamic Response Of Rocks To Changes In Surface Water Reservoir Load Using Observations Of Micro-Seismicity At Depth
7	Rebecca Laidlaw	Group A	CEE	Qualitative Analysis Of Health Education Need And Mhealth Feasibility In Chikwawa, Malawi
8	Charles Mbama	Group A	CEE	Exploiring Municipal Solid Waste: Potential For Energy Development And Contol Of Environmental Pollution In Developing Countries
9	Raheal MCGhee	Group A	MAE	Strategic Resource Assessment For Deploying Low-Carbon Renewable Energy Systems In An Urban Environment
10	Lauren McNally	Group A	CEE	Biological Nutrient Cycling: Characterising The Ecological Impact Of Microbial Exposure To Hydraulic Fracturing Wastewater
11	Patomporn Pulsawad	Group B	CEE	Do Blue-Green Algae Respond To Chemical Disinfection?
12	Paul Alexander Rapp	Group B	CPE	Competitive Adsorption For Clean Air Applications
13	Aamir Rasheed	Group B	DMEM	Sustainability Assessment In Metal Forming Processess
14	Robert Roy	Group B	CPE	Laser Diagnostic Imaging Of High Temperature Reacting Flows
15	Phatchani Srikhumsuk	Group B	CEE	Efficacy Of Plants To Phytoremediate Metals From Hydraulic Fracturing Wastewaters.
16	Yanyi Sun	Group B	EEE	Charging And Discharging Control For Electric Vehicle And Residential Energy Storage Systems
